2004 Annual Report

This year has been extremely exciting and rewarding for 4People, the on line database of services for Eastern Washington. 4People formalized the organization and became a Washington State non-profit organization, and tax exempt under section 501(c)(3) of the Internal Revenue Code. 4People also formalized their mission and vision.

Mission : "Connecting People to Resources and Opportunities."

Vision – to provide:

- An interactive community Internet resource directory.
- An Internet directory where residents can find current information on community resources – initially focuses on health and human services.
- A web site where health and human service professionals can list their programs and services. Listings are also open to a wide range of other resources – government, commercial, and non-profit.
- A resource for local information and referral agencies.

Volunteers are the key to the success of 4People and the grass roots members of each community providing the growth. A special thanks to Molly Montag, the VISTA member of United Way of Yakima County for expanding 4People in Yakima County. And a special thanks to Diana Hauer, the VISTA member of RECA (Realizing Every Community Asset) Foundation for expanding the 4People database in Benton and Franklin Counties.
