 Diana Hauer 2004-5
 Misty Kesler 2005-6

2005 Annual Report

This year has been extremely exciting and rewarding year for 4People, the on line database of information, resources, and services for Eastern Washington. 4People expanded its territory to all of eastern Washington and bordering counties of Idaho and Oregon during 2005.

4People developed individual web portals in March for all of the counties served. Usage is increasing monthly. Added to each county is a printable community resources list for services.

Month	Individual Hits	# of Visits	Page Hits
March	2	5	81
April	102	176	1581
May	167	311	4870
June	198	322	4747
July	204	254	3892
August	233	331	6464
September	295	551	8615
November	279	442	6373
December	318	503	8194

4People started the implementation of the Tapestry/VisionLink Comprehensive Case Management /Homeless Management Information System (HMIS) with signing up the Benton Franklin Community Action Committee as their first client, and Jubilee Youth Ranch as their second client. This same system was used to case manage the 81,000 Katrina evacuees, making our local implementation easier. See CAN.org for more information.

4People Cash Budget and Expenses 2005

Expenses		Revenues	
\$7,500	VisionLink Fees	\$7,500	Verizon Foundation
		\$500	Benton Franklin Community Action Committee
